

DAS HALSBAND DER DAUVETS

"It means only hurt. Hate, pride, greed." "Whom do you serve?" asked the shorter and younger of the women, speaking for the first time. She had a keen, hard face, with long black brows..connected, he saw something of what Otter saw. He stopped, gripping Otter's arm. His hand shook."This is better, Thorion," he said, but he was weeping..still clear enough under the green grasses of summer..his true name, by which he is remembered in islands far from Havnor..Very few people ever spoke to Gelluk unless he compelled them to. The spells by which he silenced, weakened, and controlled all who approached him were so habitual to him that he gave them no thought. He was used to being listened to, not to listening. Serene in his strength and obsessed with his ideas, he had no thought beyond them. He was not aware of Otter at all except as a part of his plans, an extension of himself. "Yes, yes, you will," he said, and smiled again..A man came out of the stone tower. He passed them, walking hurriedly with a queer shambling gait.. "Not by chance."..songs seem to have been moved not so much by greed as by anger, a sense of having been cheated..He recognized Hound, though he could not sit up and could barely speak. The old man put his own."Probably we can't," said the Herbal. "If the Windkey locks the winds against us ...".but there's no more in that than a few drops. It's scarcely worth burning for so little. If you..marshlands, a village not far away. He had thought he was on the way to the village, but had taken..novels. Each is a story in its own right, but they will profit by being read after, not before..The Years of the Kings of Havnor were a period of prosperity, discovery, and strength, but in the last century of the period, assaults from the Kargs in the east and the dragons in the west became frequent and fierce.. "But - but Arren was King Lebannen -".stood there. "What can I do for you?" he said. He did not smile, but his voice was pleasant.. "Of all of us. Of Way, and Felkway, and Havnor, and Wathort, and Roke. All the people of the islands. He says that when King Lebannen was to be crowned, last autumn, he sent to Gont for the old Archmage to come crown him, and he wouldn't come. And there was no new Archmage. So he took the crown himself. And some say that's wrong, and he doesn't rightly hold the throne. But others say the king himself is the new Archmage. But he isn't a wizard, only a king. So others say the dark years will come again, when there was no rule of justice, and wizardry was used for evil ends." "Father does. He saw some of the stuff we were practicing. But he says Hemlock says I should come study with him because it might be dangerous not to. Oh," and Diamond beat his head with his hands..was sticky stuff, and he disliked stooping to clean his feet before going into the house. It seemed to me that the girl was beginning to..He was glad to see the sorcerer uneasy too, standing by the helmsman, keeping a watch up on the masthead, taking in sail at the hint of a west wind. But the wind held steady from the north. A thunder-squall came pelting on that wind, and Ivory went down to the cabin, but Dragonfly stayed up on deck. She was afraid of the water, she had told him. She could not swim; she said, "Drowning must be a horrible thing - not to breathe the air." She had shuddered at the thought. It was the only fear she had ever shown of anything. But she disliked the low, cramped cabin, and had stayed on deck every day and slept there on the warm nights. Ivory had not tried to coax her into the cabin. He knew now that coaxing was no good. To have her he must master her; and that he would do, if only they could come to Roke..She led me toward a dark gold wall, to a mark on it, a little like a treble clef, lit up. Maybe the cold weather'll put an end to it." "Hah!" said Golden. "Well! I will say I'm glad of it, son." He ate a small porkpie in one mouthful. "Being a wizard, going to Roke, all that, it never seemed real, not exactly. And with you off there, I didn't know what all this was for, to tell you the truth. All my business. If you're here, it adds up, you see. It adds up. Well! But

listen here, did you just run off from the wizard? Did he know you were going?".She interrupted. "I thought you were from Roke.".The seed and source of might and right. You'll see. You'll see. Come along! Come along! Let's go.Kings, lords, and Islemen charged with defending the islands of the Archipelago came to rely increasingly on wizards to fend off dragons and Kargish fleets. In the Havnorian Lay and The Deed of the Dragonlords, as the tale goes on, the names and exploits of these wizards begin to eclipse those of the kings..magery had recognized that meaning as the true one. Gelluk had said the word also meant.return, I felt that I no longer desired, was looking for, was in need of a single thing; it was enough.The four Kargad islands are mostly arid in climate but fertile when watered and cultivated. The.wizard? Did he know you were going?".Dulse knew better than to ask for explanation. The need to speak such a spell could not come often; the chance of his ever having to use it was very slight. He let the terrible spell sink down in his mind and be hidden and layered over with a thousand useful or beautiful or enlightening mageries and charms, all the lore and rules of Roke, all the wisdom of the books Ard had bequeathed him. Crude, monstrous, useless, it lay in the dark of his mind for sixty years, like the cornerstone of an earlier, forgotten house down in the cellar of a mansion full of lights and treasures and children.."A real is. . . a real. . ." she repeated helplessly. His tone was neutral.,had stopped..She stared. "But I thought you'd tell it to me - the password..".It was far more convenient to him that Losen should be king than that he himself should rule Havnor openly. Men of arms didn't trust men of craft and didn't like to serve them. No matter what a mage's powers, unless he was as mighty as the Enemy of Morred, he couldn't hold armies and fleets together if the soldiers and sailors chose not to obey. People were in the habit of fearing and obeying Losen, an old habit now, and well learned. They credited him with the powers he had had of bold strategy, firm leadership, and utter cruelty; and they credited him with powers he had never had, such as mastery over the wizards who served him.A century and a half after Morred's death, King Akambar, a prince of Shelieth on Way, moved the.They were both on the hill now.
