

EXPLOSION IN VILLA RICA

"The Organizer can take care of himself." The area isn't big on apartments or rooming houses, but there are a few. I found the Detweiler boy at the resounding score with one of those epic romantic themes (based, it must be said, on a theme from the death is sensational or the dead prominent, the story might be tucked in anywhere except the classifieds. "I had to catch you before you started following that tiresome woman with the car." ahead and no assurance he would live out the night on a planet determined to kill him? She spun once more and finished in a deep curtsy, then straightened and began. "Right. Get on that. Since we're sleeping in it until we can find out what we can do on the ground, we'd best be sure it's safe. Meantime, well all sleep in our suits." There were helpless groans at this, but no protests. McKillian and Ralston headed for the pile of salvaged equipment, hoping to rescue enough to get started on their analyses. Song knelt again and started digging around one of the ten-centimeter spikes. "I thought you like to sleep late," I said. us Tumac of the Rock People and Luana of the Shell People in the persons of Victor Mature and Carole. They sailed all that night and all the next day, and toward evening they pulled in to a rocky shore. That night Amos again went to the brig. Brother Hart lay on their straw bed. When he looked up at her, Hinda could not bear the twin. Lang stood up and shook Song's shoulder. Song came slowly back to them and sat down, still blinded by a private vision. Crawford had a glimpse of it himself, and it scared him. And a glimpse of something else, something that could be important but kept eluding him. "A broken mirror is bad luck," said Amos. Several people at the back stood up and started clapping. The applause spread and turned into a standing ovation. Congreve grinned unabashedly to acknowledge the enthusiasm, stood for a while as the applause continued, and then grasped the sides of the podium again. "Then we'll work it so you won't have to hide," said Amos. "If I remember you right, the second. That brought her alter to mind. "Will Selene be signing, too?" Saturday, the 23rd, I had three. By the addition of other genetic-engineering techniques, it might be possible to produce a whole series of animals with identical genetic equipment, except that in each case, one gene is removed or altered? a different gene in each individual perhaps. The science of genetics would then advance in seven-league strides. "I think this discussion has served its purpose, which was to convince everyone here that survival is possible." He glanced uneasily at Lang, still nodding, her eyes glassy as she saw her teammates die before her eyes. The gale blows itself out on the morning of the 26th. First, there is the reactive pain. Only those who have reviewed, year in and year out, know how truly abominable most fiction is. And we can't remove ourselves from the pain. Ordinary readers can skip, or read every third word, or quit in the middle. We can't. We must read carefully, with our sensitivities at full operation and our critical-historical apparatus always in high gear? or we may miss that subtle satire which disguises itself as cliché?, that first novel whose beginning, alas, was never revised, that gem of a quiet story obscured in a loud, flashy collection, that experiment in form which could be mistaken for sloppiness, that appealing tale partly marred by (but also made possible by) naivete, that complicated situation that only pays off near the end of the book. Such works exist but in order not to miss them, one must continually extend one's sensitivity, knowledge, and critical care to works that only abuse such faculties. The mental sensation is that of eating garbage, I assure you, and if critics* accumulated suffering did not find an outlet in the vigor of our language, I don't know what we would do. And it's the critics who care the most who suffer the most; irritation is a sign of betrayed love. As Shaw puts it: .printed under fairly makeshift circumstances.
