truths, immutable simplicities..It is said that Segoy first wrote the True Runes in fire on the wind, so that they are coeval with.Banners still flew from the towers of the City of Havnor, and a king still ruled there; the banners were those of captured towns and isles, and the king was the warlord Losen. Losen never left the marble palace where he sat all day, served by slaves, seeing the shadow of the sword of Erreth-Akbe slip like the shadow of a great sundial across the roofs below. He gave orders, and the slaves said, "It is done, your majesty." He held audiences, and old men came and said, "We obey, your majesty." He summoned his wizards, and the mage Early came, bowing low. "Make me walk!" Losen shouted, beating his paralyzed legs with his weak hands..of Geath to the east was a galley carrying whale oil to O Port. He had heard talk of the Closed.Gelluk was used to hearing people say the words he had put in their mouths, if they said anything at all. These were words he wanted but had not expected to hear. He took the young man's arm, putting his face very close to his, and felt him cower away.. "Nobody can do more than that," said Rose.. "He's matchmaking," Tuly said, dry, fond..all alone in his brightness in his courts of stone? His name is Turres. Do you know that name?.Dulse paused. "He was my master. Would have been my friend, perhaps, if I'd stayed on Roke. Have wizards friends? No more than they have wives, or sons, some would say.... Once he said to me that in our trade it's a lucky man who finds someone to talk to. Keep that in mind. If you're lucky, one day you'll have to open your mouth."..and for the sake of the balance of all things, I bid you now leave this island. We cannot give you.He pulled up some grass and rubbed at the slimy mud on his feet and legs. It was not dry yet, and..work undone, to be a vagrant musician, a harper twanging and singing and grinning for pennies --..spirits of the dead; many, many of them. He was terrified of them and cowered, trying to make a.."Would you come back to me?" he said. "Would you go with me, live with me, marry me, Darkrose?". "Thorion was the best of us all - a brave heart, a noble mind." The Herbal spoke almost in anger. "Sparrowhawk loved him. So did we all..". "What does it do, then?". He let his sending sit down in the grass near Heleth, though it did not bend the stems of the grass where it stepped or sat. "I've done nothing but set the city in a panic," he said. "But you have some knowledge..". "While we talk behind her back?".thought could not hold it. His knowledge could not use it. His tongue could not say it..He could speak his language only with her. And he had lost her, let her go. The double heart has..mind. You'll know what to say when the time comes. That's the art, eh? What to say, and when to..root cellar that night and the nights after. "Now, what is forbidden to the summoner, or any wizard, is to call a living spirit. We can call to them, yes. We can send to them a voice or a presentment, a seeming, of ourself. But we do not summon them, in spirit or in flesh, to come to us. Only the dead may we summon. Only the shadows. You can see why this must be. To summon a living man is to have entire power over him, body and mind. No one, no matter how strong or wise or great, can rightly own and use another.. "He tricked and killed a great mage, my master. He's dangerous. I want vengeance. Who did he talk..recently. To Diamond's lips Rose's face was soft as silk, with just a hint of grittiness on one..money. And the voice not bad, if you'd worked on it..".He got up in the icy morning while they still slept rolled in their blankets. He knew where the..After a while, deliberately, he re-entered the trap of spell-bonds, went back to his old place, sat down on the pallet, and went on thinking. The prisoning spell was still there, yet it had no power over him now. He could walk into it and out of it as if it were mere lines painted on the floor. Gratitude for this freedom beat in him as steady as his heartbeat.. "Once I was on the high slopes," Mead said, "and a spring snowstorm came on me, and I lost my way..with raised sides boomed with laughter. People were being amused, but what was amusing them -.Anieb's mother nodded. Hemlock was an honest, upright..After the first outcries and embraces, the servants and his mother sat him right down to breakfast. So it was with warm food in his belly and a certain chill courage in his heart that he faced his father, who had been out before breakfast seeing off a string of timber-carts to the Great Port..content, not for their literary qualities, which range from high to nil. Loose regular meter.. "Hmn," Hound went, a short, grunting laugh. "You find what you look for, don't you? Like me." He saw that his companion was in distress, and said, "I'll get you out of here. Fetch a carter from the village down there, when I've got my breath. Listen. Don't fret. I haven't hunted you all these years to give you to Early. The way I gave you to Gelluk. I was sorry for that. I thought about it. What I said to you about men of a craft sticking together. And who we work for. Couldn't see that I had much choice about that. But having done you a disfavor, I thought if I came across you again I'd do you a favor, if I could. As one finder to the other, see?".it. He went down to the stream in which he had been named. "I won't sail my boat across Havnor, dear love. I plan to go around it. By water." He could always make her laugh; he was the only one who could. When he was away, she was quiet-voiced and even-tempered, having learned the uselessness of impatience in the work that must be done. Sometimes she still

scowled, sometimes she smiled, but she did not laugh. When she could, she went to the Grove alone, as she had always done. But in these years of the building of the House and the founding of the school, she could go there seldom, and even then she might take a couple of students to learn with her the ways through the forest and the patterns of the leaves; for she was the Patterner..No. There had been a thunderclap, a while ago. This was not thunder. He had had this queer feeling and had not recognized it, back then, before the earthquake that had sunk a half mile of the coast at Essary and swamped the wharfs at Gont Port..sank. All the shouting and screaming of men's voices was suddenly silent. The last two days he spent riding out to scattered groups of cattle that had wandered up towards the feet of the mountain. Many of them were not infected yet, and he could protect them. The hinny carried him bareback and made the going easy. But there was nothing left for him to eat. When he rode back to the village he was light-headed and weak-kneed. He took a long time getting home from Alder's stable, where he left the hinny. Emer greeted him and scolded him and tried to make him eat, but he explained that he could not eat yet. "As I stayed there in the sickness, in the sick fields, I felt sick. After a while I'll be able to eat again," he explained..wanted a private compartment. I wondered if they had told her. In front of me: "This way, this way," Gelluk murmured. "No harm will come to you." They came to the doorway of the roaster tower, a narrow passage in the three-foot-thick walls. He took Otter's arm, for the young man hesitated..circulating fires; beneath the window, at my approach, a chair emerged from nothing, slid under.why? Why did it blow against them?.Three of them came forward: an old man, big and broad-chested, with bright white hair, and two women. Wizard knows wizard, and Medra knew they were women of power.. "Master Hemlock said I, said he thought I had, I might have a, a gift, a talent for--?".Then Dragonfly came back to herself and called to Ivory and ran down the hill to meet him. I did not see the face of the speaker..Books of history and the records and recipes for magic exist only in written form-the latter usually in a mixture of Hardic runic writing and True Runes. Of a lore-book (a compilation of spells made and annotated by a wizard, or by a lineage of wizards) there is usually one copy only..as much to do with it as his father expected? Maybe he'd find out when he grew up.. "You didn't say it.. "What else can you do, Diamond?" he asked.. "He does. But, admitting it unlikely, admitting it impossible - if we did defeat him - if he went back into death and left us here alive - what would we do? What comes next?".Crow ranted, but at the mere thought that the Book of Names might still exist he was ready to set."Did you think I was one of their eunuchs? Otter had defeated Tinaral, and there was this matter of Roke, There was some strength in him or with him. Yet it was hard for Early to fear a mere finder who went about with midwives and the like. He could not bring

himself to sneak and skulk. He struck down in broad daylight in the straggling square of Endlane village, infolding his talons to a man's legs and his great wings to arms..They said little, seeming to consult and assent among themselves almost in silence. At last the shorter woman looked with her fierce eyes at Medra. As he watched it thickened and darkened, creeping out over the slow waves.."I can't," he said, and stopped, and went on, "I really don't want to have any dancing"..cobbled, he heard voices..I had to smile; it was not a pleasant smile.
