The.hands..Dulse wandered about a bit before he found what he took to be the Dark Pond. It was small, half mud and reeds, with one vague, boggy path to the water, and no track on that but goat-hoofs. The water was dark, though it lay out under the bright sky and far above the peat soils. Dulse followed the goat-tracks, growling when his foot slipped in the mud and he wrenched his ankle to keep from falling. At the brink of the water he stood still. He stooped to rub his ankle. He let the terrible spell sink.While Morred sought to free his people from these spells and to confront his enemy, Elfarran returned with their year-old child to her native island, Solea, where her own powers would be strongest. But there the Enemy followed her, intent to make her his prisoner and slave. She took refuge at the Springs of Ensa, where, with her knowledge of the Old Powers of the place, she could withstand the Enemy and force him off the island. "The sweet waters of the earth drove back the salt destroyer," says the poem. But as he fled, he captured her brother Salan, who was sailing from Enlad to help her. Making Salan his gebbeth or instrument, the Enemy sent him to Morred with the message that Elfarran had escaped with the baby to an islet in the Jaws of Enlad..History.must be sacrifice not only of base flesh but also of inferior spirit. And he stalked off towards the Overfell, angry with the boy for coming and with himself for giving in; but it was not anger that made his heart pound. Striding along-- he could stride, then-- with the seawind pushing at him always from the left and the early sunlight on the sea out past the vast shadow of the mountain, he thought of the Mages of Roke, the masters of the art magic, the professors of mystery and power. "He was too much for 'em, was he? And he'll be too much for me," he thought, and smiled. He was a peaceful man, but he did not mind a bit of danger. could see, behind a small glass pane in the center, the glow of its transistorized heart.
