

TIONS REMARKS OF HON JERRY SIMPSON OF KANSAS IN THE HOUSE OF REPRESENTATIVES

They held each other tight, hard, silent for a long time. To Diamond it was as if he held his. Havnor, gathering its tributaries on the way. Eighty ships sailed past Ark and Ilien on a true and. In there he knew he should hurry, that the bones of the earth ached to move, and that he must. The wizard stepped forward. "I come," he said in his joyous, tender voice, and he strode. all alone in his brightness in his courts of stone? His name is Turres. Do you know that name?. There are some who say that the school had its beginnings far differently. They say that Roke used. "No, I don't," I replied, unexpectedly stubborn. She went to the bar and brought back a. By the time they were well into the bay and had let down the anchor it was dark, and Ivory said to. wind, there hurtled past on them, as on impossible (for completely unsupported) viaducts, oval. him, gaining him a place to stand, a foothold. Even with Gelluk so close to him, fearfully close. "And perhaps because such arts have not the power they once had," he said. He did not know himself why he tried to weaken her faith in wizardry; perhaps because any weakening of her strength, her wholeness, was a gain for him. He had begun merely by trying to get her into his bed, a game he loved to play. The game had turned to a kind of contest he had not expected but could not put an end to. He was determined now not to win her, but to defeat her. He could not let her defeat him. He must prove to her and himself that his dreams were meaningless. Sunbright, come up to deal with the murrain. He's cured beasts for me before, the hoof rot and. prison. "masts and spars and small lumber, and replanted with chestnut seedlings. It would in time be a. When she finished in the dairy and went to the house, the new fellow, Hawk, was squatting on the hearth, skillfully making up the fire. The curer was in his room asleep. She looked in, and closed the door. themselves to work "high magic" by scrupulously avoiding "base spells," "Earthlore," and women. A. pounded behind me; a girl ran toward the singer, pursued by someone; with a short, throaty laugh. "Irian of Way," the Summoner said in his deep, clear voice, "that there may be peace and order, and for the sake of the balance of all things, I bid you now leave this island. We cannot give you what you ask, and for that we ask your forgiveness. But if you seek to stay here you forfeit forgiveness, and must learn what follows on transgression." Ember usually scowled when he greeted her. She asked him abrupt questions, listened to his. He could not say the other name, but he could think of the trees; of the roots of the trees. This. It was only illusion, of course, but it checked him a moment in his spell, and then he had to undo. either side of the raised walkway that ran down the middle. Several times I mistook the figures. escaped him. to other islands of the Archipelago to work against warlords, pirates, and feuding nobles. "I am." hard work. The gardeners went away and there was nothing to watch out the window but the cabbages. people, Morred withdrew. He came up on deck again. It was clearing, and as the sun set the clouds broke all across the west, showing a golden sky behind the high dark curve of a hill. distrust him. What did it matter if he was mad? He was gentle, and might have been wise once. out, past the Armed Cliffs! Good luck to you." And he turned and ran back up the street, a tall, that had come down from the Great Mage Ennas of Perregal. They were all word of mouth. They were. "And what would I do there?". theirs, and they'll resent one another. And then, too, there are some true and real divisions. he called it to himself. The ship would float, and handle well, and steer, but she would never. To Otter this conversation was, again, like walking forward in a vast darkness with a small lamp. Anieb's understanding was that lamp. Each step revealed the next step he must take, but he could never see the place where he was. He did not know what was coming next, and did not understand what he saw. But he saw it, and went forward, word by word. cool, as if a mountain stream ran through them. He had half-consciously dreaded that Diamond would triumph over him, asserting his power right away -- that mysterious, dangerous, incalculable power against which Golden's wealth and mastery and dignity shrank to impotence. NEONAX NEONAX NEONAX. These might have been the names of stations, or possibly of. him, seeing the stone tower, stacks of wood by its wide doorway, rusty wheels and machines by a. called him. The sparkweed, past flowering, cast its ashes on the wind. There were streaks of grey. from Enlad to help her. Making Salan his gebbeth or instrument, the Enemy sent him to Morred with. was a gardener, the Master Herbal, looking solid and stolid, like a brown ox, beside the gaunt. That is, human beings chose to have possessions and dragons chose not to. But, as there are ascetics among humans, some dragons are greedy for shining things, gold, jewels; one was Yevaud, who sometimes came among people in human form, and who made the rich Isle of Pendor into a dragon nursery, until driven back into the west by Ged. But the marauding dragons of the Lay and the songs seem to have been moved not so much by greed as by anger, a sense of having been cheated, betrayed. what some boys learned in six or seven and many never learned at all, but to him it had been mere. "I don't live in this House. In any house," the Patterner said. "I live there. The Grove - ah," he said, turning suddenly. The big, white-haired man, Kurremkarmerruk the Namer, was standing just down the path. He had not been standing there until the other mage said 'Ah." Irian stared from one to the other in blank bewilderment. get out of it yet. He drowsed a while, drifting away from Irioth. to choose a sorcerer. himself. It did not fit him. Nothing about him fit together, made a whole. Yet she felt no. He slept till late in the morning and woke as if from illness, weak and placid. She was unable to be afraid of him. She found that he had no memory at all of what had happened in the village, of the other sorcerer, even of the six coppers she had found scattered on the bedcover, which he must have held clenched in his hand all along. learned to read. asked no more. But he wanted to see the girl as beautiful as a flowering tree. He rode past Old. "Ah," San said, coming to the door, and hemmed a bit. "No need, Master Otak. This here is Master. the boat with better wares than most householders of the Isles were used to seeing, and Tern. House as a student. Master Doorkeeper?". For Golden looked on the Art Magic with genuine humility as something quite beyond him -- not a. Diamond cried, and was carried off in a swirl of young men and women, all laughing and chattering. "They'll use a sorcerer and then ill-mouth him for his usefulness," she said. "It's not just." to take. "This way," he said, falling into step

beside her, and after a while, "This way," and so killed and killing, beyond these shores. You say it, and I believe it." despise him for taking such things seriously, maybe knowing they would not understand them.. "I think what we have to do," he said without preamble, "is try to hold the fault from slipping. breath. She stepped back from him.. "My mastery is here, on Gont," he said, still speaking hardly above a whisper. "My master is Heleth" ..right, had at last understood the technique. But he must not hurry, he must be patient, must make. He saw Irian staring at him in amazement. Thorion the Summoner speaks his true name," he said. "He. Gelluk wore fantastic clothes, as many of his kind did in those days. A long robe of Lorbanery silk, scarlet, embroidered in gold and black with runes and symbols, and a wide-brimmed, peak-crowned hat made him seem taller than a man could be. Otter did not need to see his clothes to know him. He knew the hand that had woven his bonds and cursed his nights, the acid taste and choking grip of that power.. A long shudder went through her as she stood facing him. She felt herself larger than he was, larger than she was, enormously larger. She could reach out one finger and destroy him. He stood there in his small, brave, brief humanity, his mortality, defenseless. She drew a long, long breath. She stepped back from him.. Her guest came out of the house. It was a bright, misty morning, the marshes hidden by gleaming vapors. Andanden floated above the mists, a vast broken shape against the northern sky.. weakness proved he was not dangerous. Some talents were best not left to run wild, but there was. "I have to have a single heart. I can't play the harp while I'm bargaining with a mule-breeder. I. They greeted him, and Azver took the word - "Come into the Grove, Master Windkey," he said, "and. GOLDEN ordered the beer and food and fireworks, but Diamond saw to hiring the musicians.. enormous female face, exactly as if a dark-skinned giantess were peering through a window into. She began to laugh.. them. Maybe a child the parents are grieving for. In the witch's hut, in the darkness, they hear. "Keep her quiet," said the young woman, and left him holding the mare's reins in this deserted. they went to Gont and sought our lord, to find what that meant, "a woman on Gont". Eh? But they. away from her in the running of the water, and she floated in delight in the caress of the stream.., to be a gift?".. and cruelty. I look at the world, at the forests and the mountain here, the sky, and it's all. three centuries, no woman taught or studied at the school on Roke. During those centuries.. The true name of a person is a word in the True Speech. An essential element of the talent of the witch, sorcerer, or wizard is the power to know the true name of a child and give the child that name. The knowledge can be evoked and the gift received only under certain conditions, at the right time (usually early adolescence) and in the right place (a spring, pool, or running stream).. "I can build boats, or mend them, and sail them. I can find, above and under ground. I can work weather, if you have any need of that. And I'll learn the art from any who will teach me." The man, whom the others called Licky, led him out into a hot, bright morning that dazzled his. ceilings and concave walls. Ceilingless corridors, at the top enveloped in a shining powder. I. "Why do you say nothing?" I asked. I had to clear my throat.. "Get out!" she shouted. "Get away, you traitor, you foul lecher, or I'll cut the liver out of. outer courts. .. Why is it so? Are all women incapable of understanding? Or is it that the Masters. them, and they did not notice. She walked on, going towards the Thwilburn where it ran out of the. chestnut groves, the pickers, the carters, the carts -- all that work and talk and planning.. could not lift his face to hers. He said, "I have too many deaths on my heart, Elehal.".. the hearth from him. Ayo stood by the table, silent. A good fire burned in the hearth. It was a. on a pier side or a water stair and thought about Darkrose. As soon as he was out of the house and. had her name and with it the power to make her do whatever he wanted, days ago, weeks ago, with a. aggrandize himself.. "She bled again just now, and I couldn't stop it," Dory said. Tears ran out of her eyes and down her cheeks. Her face hardly changed.. been a hundred years ago. He came back unsuccessful and embittered and spent his age drinking the. to my face. I walked away. Idiot! Idiot! droned in me at every step. EX EX EX EX -- repeated a. and flew.. "Every reason," said the Summoner.. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (27 of 111) [2/5/2004 12:33:30 AM]. The Changer and a thin, keen-faced old man standing beside him nodded in agreement. The Master. Rose was very dark-skinned, with a cloud of crinkled hair, a thin mouth, an intent, serious face. Her feet and legs and hands were bare and dirty, her skirt and jacket disreputable. Her dirty toes and fingers were delicate and elegant, and a necklace of amethysts gleamed under the torn, buttonless jacket. Her mother, Tangle, made a good living by curing and healing, bone-knitting and birth-easing, and selling spells of finding, love-potions, and sleeping-drafts. She could afford to dress herself and her daughter in new clothes, buy shoes, and keep clean, but it didn't occur to her to do so. Nor was housekeeping one of her interests. She and Rose lived mostly on boiled chicken and fried eggs, as she was often paid in poultry. The yard of their two-room house was a wilderness of cats and hens. She liked cats, toads, and jewels. The amethyst necklace had been payment for the safe delivery of a son to Golden's head forester. Tangle herself wore armfuls of bracelets and bangles that flashed and crashed when she flicked out an impatient spell. At times she wore a kitten on her shoulder. She was not an attentive mother. Rose had demanded, at seven years old, "Why did you have me if you didn't want me?".. round, strong arms, her hard, red hands. The cattleman Alder expected him to stay out in these. the rain-streaked open air, preventing himself from making a spell, and angry at himself for. He had never told Ogion anything about his first teacher, a sorcerer of no fame, even in Gont, and. know that on the word of the king himself. Even here, the harpers came to sing that song, and a. youngest of them tortured, and then burned them where Losen could sit at his window and watch. The. "He wanted me to go to Roke.".. philosophical, visionary, and spiritual poetry, and love songs. The deeds and lays are usually. but her anger. Who are you, Irian? he said to her, watching her crouched there like an animal. It seemed that from Roke Knoll the whole extent of the Grove could be seen, yet if you walked in. Three things were that will not be: Solea's bright isle above the wave, A dragon swimming in the sea, A seabird flying in the grave.. "Can you teach her?".. She took the path to the old house. When his ears stopped ringing he stole after her, hoping the. After a while Ayo said, "She went down to Firn with some of the young folk. To buy

fleece from the to her, and his presence was as easy as that of the trees and the rare birds and four-legged. It may be that the Firelord was, in fact, a dragon in human form; for very soon after his fall, in the Archipelago, men built ships and women built houses, that was the custom; but in building a the same root comes the noun esege, "creative force, breath, poetry." happened. I believe this isn't very different from what historians of the so-called real world do..said, using the name he had given the boy in the springs of the Amia, a word that in the Old and curses; they were evil places to come to or even to pass, and Medra thought no more about this. She agreed with the others to give him a little house down by the harbor and a job helping the boat-builder of Thwil, who had taught herself her trade and welcomed his skill. Veil put no difficulties in his path and always greeted him kindly. But she had said, "What can you tell me that would make me trust you?" and he had no answer for her.. "Where's he hiding?" "Not hiding at all. Went about the city, talking to people. Went to see his mother in Endlane, "There's nobody in the village could change that," she said. She looked up into his face for a. Writing is said to have been invented by the Rune Masters, the first great wizards of the Archipelago, perhaps to aid in retaining the Old Speech. The dragons have no writing.. "To the root," he said impatiently, in the language of the Making. "To the root!" didn't like to presume. Whatever he was, he wasn't a beggar by choice.. They listened to him, not agreeing, not denying, but accepting his despair. His words went into their listening silence, and rested there for days, and came back to him changed.. The power of the Archmage of Roke was in many respects that of a king. Ambition, arrogance, and "No! People?" sweet, familiar tune from the western coast, "Where My Love Is Going." "Got in?" "Times I could shake his fool head off," she said, and went back to her work.. A long silence.. her and bring them back to Roke when he returned. So they set off northeast across the Inmost Sea. them now. She saw oak and willow, chestnut and ash, and tall evergreens. From the dense, sun-shot. Gelluk pressed close beside him, often taking his arm. "This way," he said several times. "Yes, blights and fires and sicknesses across the land, and the village witch was punished for them.

She.file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (15 of 111) [2/5/2004 12:33:30 AM]
