

THE VIOLATION OF THE NEUTRALITY OF BELGIUM WITH A PREFACE

Let me give you a quick rundown of this exciting interactive game. It is the year 2783. Man has reached out to settle thousands of planets scattered across the galaxy. Then, suddenly, the galaxy is invaded by a horde of alien beings, the Zorphs. They enslave all planets in their path. Those that resist are destroyed without mercy. You, as Captain of the Avenger, the great Terran warship, will range interstellar space, seeking out and destroying the forces of Zorph..trouble and she couldn't get to the phone, she would take down the note, or if she had time, write.?Janet E. Some instinct told me that medical malpractice suits might interest both but would nevertheless not be a useful topic. I spoke on genetic engineering instead, therefore, and, toward the end, discussed the matter of cloning..After that day Lang was ruthless in gutting the old Podkayne. Up until now, play of-Zorphwar has been possible only against a set of Zorph warships under the unimaginative control of the computer. With the two-person game, one player commands the Avenger while the other commands the Zorph fleet. The player terminals may be anywhere, as long as they are connected to our central computer. Thus, one player could be out there in California and the other back here in New York..and came striding out to the car all legs and healthy golden flesh. She was wearing white shorts, sneakers,."Sorry, Captain. That was rude. But we're not going back."..As a lover of variations on a theme, though, Fm usually intrigued when a producer decides to use exactly the same

property that has been made into a movie before. This has happened curiously often in the science fiction and fantasy genres; it's surprising how few people know there are two (or more) versions of a fair number of movies..In the morning she was gone, but on the following night she returned. They were not anxious to get back to the task that had occupied them for the last two weeks: that of bringing the Podkayne to a horizontal position without wrecking her. The ship had been rigged with stabilizing cables soon after landing, and provision had been made in the plans to lay the ship on its side in the event of a really big windstorm. But the plans had envisioned a work force of twenty, working all day with a maze of pulleys and gears. It was slow work and could not be rushed.
