

TWELVE YEARS OF FARM ACCOUNTS IN ILLINOIS

Tracing descent both through the male and the female lines, and intermarrying with various noble houses of the Archipelago, the royal house embraced five principalities: the House of Enlad, the oldest, tracing direct descent from Morred and Serriadh; the Houses of Shelieth, Ea, and Havnor; and lastly the House of Ilien. Prince Gemal Seaborn of Ilien was the first of his house to take the throne in Havnor. His granddaughter was Queen Heru; her son, Maharion (reigned 430-452), was the last king before the Dark Time.. Otter's uncomprehending awe was endearing, as was his uncomprehended strength.. There was silence. It would not be easy for me, I thought, to stomach this new world. And. So for a half-month or more of the hot days of summer, Irian slept in the Otter's House, which was a peaceful one, and ate what the Master Patterner brought her in his basket - eggs, cheese, greens, fruit, smoked mutton - and went with him every afternoon into the grove of high trees, where the paths seemed never to be quite where she remembered them, and often led on far beyond what seemed the confines of the wood. They walked there in silence, and spoke seldom when they rested. The mage was a quiet man. Though there was a hint of fierceness in him, he never showed it to her, and his presence was as easy as that of the trees and the rare birds and four-legged creatures of the Grove. As he had said, he did not try to teach her. When she asked about the Grove, he told her that, with Roke Knoll, it had stood since Segoy made the islands of the world, and that all magic was in the roots of the trees, and that they were mingled with the roots of all the forests that were or might yet be. "And sometimes the Grove is in this place," he said, "and sometimes in another. Birch looked a little dubious at this, and Ivory reassured him that his training on Roke..never seen wild swine in the wood, she saw their tracks here. He was barefoot, as usual. When he was a student on Roke, he had worn shoes. But he had come back home to Gont, to Re Albi, with his wizard's staff, and kicked his shoes off. He stood still and felt the dust and rock of the cliff-top path under his feet, and the cliffs under that, and the roots of the island in the dark under that. In the dark under the waters all islands touched and were one. So his teacher Ard had said, and so his teachers on Roke had said. But this was his island, his rock, dust, dirt. His wizardry grew out of it. "My mastery is here," the boy had said, but it went deeper than mastery. That, perhaps, was something Dulse could teach him: what went deeper than mastery. What he had learned here, on Gont, before he ever went to Roke..not afraid enough of him. It was all the two of us could do to hold our own against him, there in.."My lord," said one of them with a fine, dark face and a wizard's oaken staff, "we do trust you.."How does he hold them all?" the Namer said. He..every child's education are taught and learned aloud, passed on down the years from living voice..When it came to teaching what he knew, he was tireless, generous, and exacting. For the first time, Medra was given a vision of magic not as a set of strange gifts and reasonless acts, but as an art and a craft, which could be known truly with long study and used rightly after long practice, though even then it would never lose its strangeness. Highdrake's mastery of spells and sorcery was not much greater than his pupil's, but he had clear in his mind the idea of something very much greater, the wholeness of knowledge. And that made him a mage..the weakness of the old darkness came into Erreth-Akbe's limbs..apple on the tree. She'd given..Mouth. Then seeking further he heard in his mind a name spoken; but he did not speak it..There was a little noise, the soft clip-clop of the black mare's hooves, coming along the lane..For there had been times when he felt that, as he had summoned her living, so dead she might summon him. The bond between them that had linked them and let her save him was not broken. Many times she had come into his dreams, standing silent as she stood when he first saw her in the reeking tower at Samory. And he had seen her, years ago, in the vision of the dying healer in Telio, in the twilight, beside the wall of stones..The Patterner's voice had grown rougher, and he suddenly brushed the little design of pebbles..day dazzled Irian's eyes. When she could see clearly she saw a path leading from the door through..find him here. He was not here to find. There was no need to speak any name. There was nobody but..Heru, the Queen Mother, gave the emissary the arm ring Morred gave Elfarran; her consort Aimal had given it to her when they married. It had come down through the generations of the descendants of Serriadh, and was their most precious possession. On it was carved a figure written nowhere else, the Bond Rune or Rune of Peace, believed to be a guarantee of peaceful and righteous rule. "Let the Kargish king wear Morred's ring," the Queen Mother said. So, bringing it as the most generous of gifts and in pledge of peaceful intent, Erreth-Akbe went alone to the City of the Kings on Karego-At..As he came down the last slope of the mountain, he had seen houses here and there out in the marshlands, a village not far away. He had thought he was on the way to the village, but had taken a wrong turning somewhere. Tall reeds rose up close beside the paths, so that if a light shone anywhere he could not see it. Water chuckled softly somewhere near his feet. He had used up his shoes walking round Andanden on the cruel roads of black lava. The soles were worn right through, and his feet ached with the icy damp of the marsh paths..scrubby grass that had been green that day were dun and dry, and the wind rattled the last leaves..The house

vanished. No walls, no roof, nobody. Early stood on the dust of the village square in the sunshine of morning with his arms in the air..His voice had become very soft, very dark.. "Maybe things are, for women. But I...I can't be double-hearted.".Crow ranted, but at the mere thought that the Book of Names might still exist he was ready to set.Ivory nodded gravely. "But the Archmage lost all his power in the land of death. Maybe all magery.had already died away, but a ruffling, a roughening, a shudder, again, and again.. "Like the Library of the Kings," said Crow, dreaming of lost glories.. "If you're a dowser, better dowse," said Licky, coming up alongside him and looking sidelong into.laughed, but the old people said, "Look out. Take care. Keep hidden.". "My lord," said one of them with a fine, dark face and a wizard's oaken staff, "we do trust you, and therefore ask you to let the witch go, and peace return."
